Dexus Core Property Fund - pro-rata withdrawal payment

Dear Investor

I am writing in respect of the withdrawal request that you lodged for the Dexus Core Property Fund (“DCPF” or “the Fund”) for the 15 July 2024 specified withdrawal date (“withdrawal date”).

In accordance with the Investor Update (‘Dexus Core Property Fund – implementation of scaled withdrawal process’) published on the Fund’s website dated 4 October 2023, the Fund has commenced a process of scaling monthly withdrawal payments. This process will apply to all withdrawal requests received that relate to this withdrawal date.

Withdrawal requests satisfied on a pro-rata basis

Consistent with the Withdrawal Payments Update published on the Fund’s website dated 15 March 2024, the Investment Manager has determined the total amount of funds available for meeting withdrawal requests at the withdrawal date will be based on 2% of the value of the assets of the Fund. The total amount of withdrawal requests received at the withdrawal date has exceeded the total amount of funds available to meet withdrawal requests and withdrawal payment amounts will be reduced on pro-rata basis for all requests.

As a result of the above you will receive a withdrawal payment equivalent to approximately 36% of your withdrawal request. The same percentage payment applies to all other withdrawal requests that relate to the withdrawal date.

Payment will be made to you on or about 26 July 2024.

Treatment of unpaid withdrawal amounts

The unpaid amount of your withdrawal request will be treated as withdrawn. If you wish to withdraw the unpaid amount, you will need to submit a new withdrawal request for the balance of the unpaid amount at the next, or subsequent specified withdrawal date. Any subsequent withdrawal request submitted will be processed in the same manner as outlined in the Investor Update referred to above as at the relevant monthly withdrawal date that the new withdrawal request relates to.

Further information

The above withdrawal payment process has been adopted to support the Fund for the long-term benefit of all investors.
