## Not your average year

FirstChoice Wholesale Personal Super & Pension is anything but average. In a year of challenging market conditions, we delivered strong performance, with low admin fees, and improved support for members.

### Strong returns for members

Strong investment results for the year ending 30 June 2023 demonstrated the revitalisation of our investment approach after bolstering our team of industry-leading talent and adding new capability.

This year, global events drove unpredictable market movements. Factors such as

inflation, higher interest rates, and geopolitical events (like the war in Ukraine) presented challenges to investments – but also opportunities that we looked to capitalise on.

As a result of our Investment team's hands-on approach and preparation for times like these, we delivered strong performance.

### What contributed to the positive results?

A major driver of our returns for this year was global shares. We actively chose to invest in global shares which delivered significant results to boost our overall returns.

The rally in global shares had a lot to do with artificial intelligence (AI) and its impact on NASDAQ (US stock exchange) stocks like Nvidia and Microsoft.

Also contributing to our results is we have limited investment in unlisted assets in comparison to some other super providers who have significant holdings. Unlisted assets are property, infrastructure and other investments that are not traded on a stock market.

## One of the lowest admin fees

Low fees mean more money for you in retirement. We've continued to deliver one of the lowest admin fees when compared to other super funds.

In fact, FirstChoice Wholesale Personal Super has an average admin fee of just 0.2% p.a.<sup>1</sup> on a super balance of \$50,000, compared to the super fund average of 0.46%.<sup>2</sup>

## Support for members that is anything but average

This year we accelerated the support we offer members.

We've especially focused on helping members plan to unleash in their second half, no matter how far away retirement is.

Some of the new initiatives this year included – a retirement calculator to help members plan how much they need to retire, expanded online content to support members' financial education, and more timely information including newsletters and market updates.

## What's next?

We're excited for the year ahead. We'll be providing a greater amount of support for members to help in ways that suit them.

You've told us that you need more support and guidance to make the most of your super. So, we'll be offering tools and service online and through our Contact Centre.

Our digital tools will be improved including an enhanced insurance claims experience and app upgrades including performance and fee reporting.

Look out for this and more.

## 2023 highlights
